Subject: June 23 Payment Cycle Fix	Priority:
Date: June 27, 2003	Message ID: GHPNBR-062703-1

Dear Medicaid and PeachCare For Kids Providers,

Effective with the June 23 payment cycle, a fix was applied to consolidate payee providers having the same banking information and addresses. This will reduce the number of payments going to the same bank account. Summary reports showing claims and financial transactions since April 1 will be mailed during the week of July 7 to all payee providers affected by this consolidation.
